Representative Experience

Bill Webster has been providing roofing consultant services since 1985. He began his career as a roofing inspector with Trinity Engineering Testing Corporation later becoming Kleinfelder. Bill Webster has extensive knowledge of commercial roofing practices from his previous employment in the construction industry. Bill has received extensive training and hands on experience in several types of roof construction. During Bill's tenure with Kleinfelder and Fugro Consultants he managed the operations of the roofing division for both firms, which includes projects throughout the United States. Since being involved as a Roofing Consultant, Bill Webster has been involved in project management services to over 200 roofing projects.

Mr. Webster has extensive experience in dealing with large roofing projects, as well as Roofing Projects for school districts and higher educational institutes throughout the State of Texas. Since 1985 Bill has provided Roofing Consultant services, relating to roofing condition evaluations, roofing specifications preparations, both non-destructive and destructive roofing analysis and project management.

In 2009 Mr. Webster became a Sr. Roofing Consultant for Parsons Roofing Inc, and continues to provide Roofing Consultant services to a large selection of clients in both Texas and throughout the United States.

Following is a list of some of the projects on which he has provided roofing consultant services:

- Killeen Independent School District, Killeen
 - Mart Independent School District, Mart
 - Buckholts Independent School District
 - Corp of Engineers, Fort Worth District
 - First English Lutheran Church, Austin
 - Austin Convention Center, Austin
 - Austin Convention Center Hilton Hotel, Austin
 - Various University of Texas Project, Austin
 - The Market at Slaughter Lane, Austin
 - Mates National Guard Training Facility, Gatesville
